The Madisonville Journal credits to the Kentuckian an editorial paragraph taken from another paper. Please be more careful, neighbor.

In Baltimore the city detectives when called upon to scrutinize the faces of professional criminals wear white masks that conceal their faces.

The 23rd annual meeting of the National Editorial Association is in session at St. Paul, Minn. Will H. Hayes, of Brownwood, Texas, will succeed Henry B. Varner, of Lexington, N. C., as President.

Every time the night riders make a fresh raid, Gov. Willson musters in a new company of state troops. Four new companies have been organized since the raids began. There are no signs of a back-down yet.

An agreed suit will be brought in Owensboro to determine whether or not the Cumberland Telephone Company has a franchise. In the meanwhile the enforcement of the new rate ordinance will be suspended.

Gov. Willson has indicated to the attorneys for Walker Duncan, of Shelby county, who killed Newt Hazelett, that he can obtain a pardon for the asking. One of Duncan's attorneys wants him to accept the pardon, while the other advises him to stand trial, feeling certain of vindication. Duncan will accept the pardon before trial. Hazelett was said to be a night rider.

Naval Lieuts. Colin, Pearce and Mercier, the inventors of a wireless telephone apparatus which recent tests have shown to be superior to anything existing, achieved remarkable success with their new instrument in Paris, communicating with the wireless station at Raz de Sein, Department of Finistere, a distance of about 310 miles. The transmitted words were somewhat faint, but could be plainly distinguished, and the officers are confident that they can make great improvements in the apparatus, which has been the result of only four months' experimentation, enabling the exchange of conversation up to 600 or 700 miles.

Special Judge M. Savage in charging the grand jury at Clarksville urged a most thorough investigation of night riding, which concluded with these strong words:

"Everything of good you have ever learned; the most sacred memories of the past and the best hopes for the future of your children, to say nothing of your oath, should impel you to the performance of your duty at this time. To compromise with crime is to dishonor the law, and to dishonor the law is to humiliate and make ashamed our good people. It means destruction of homes, the tearing down of church and society; the depreciation and final ruin of property acquired by years of honest toil."

State of Ohio, City of Toledo, Lucas County,

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the city of Toledo, County and State aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

The Springfield race riot was formally controlled by troops after seven lives were lost.

A convict who hid in the heat pipes in the Frankfort penitentiary, crawled out when the warden turned steam into the pipes.

"Personally, we believe the best way to restore peace and prevent night riding, is to force the trust to obey the law."—Independent.

In view of the fact that the night riders who burned private and foreign property in Hopkinsville did not disturb the factories of the Trust, a further explanation is due from the writer who assumes to speak for them.

The Independent yesterday took down from its masthead the resolutions against lawlessness it has been running and made room on its front page for a two-column attack on the Hopkinsville soldier boys by Max Hanbery, of Cadiz, who denounced them as "marauders" and "plunderers."

Was Not The Only One.

Judge Caswell Bennett, of Smithland, was once Judge of the Court of Appeals in the district which embraced Bowling Green. Soon after his election and removal to Frankfort the Judge was invited out to dinner at the home of a fellow-member. Mrs. Bennett brought his dress suit and compelled him to don it over his vigorous protest. He insisted that he was too old to indulge in a swallowtail, but the good wife as usual, won out. It proved altogether informal, and dress suits were singularly lacking. When he got home Mrs. Bennett said: "Of course you found that you would look odd without your dress suit. Didn't everybody wear them?" "Not all of them," replied the Judge; "just me and the nigger waiter."—Bowling Green Messenger.

HIGH LICENSE

Will Confront Sun Bros' Circus Here Today.

Sun Brothers' circus is advertised to give two exhibitions in this city today.

The exact location of the show grounds was in doubt yesterday, Mercer Park and Sharp's field both being under consideration. A new law has been passed that increases very materially the county license of circuses, placing the license on a population basis, and the license in Christian county will be \$50 instead of \$5, as much or more than the city charges. The city license is \$1 for each one cent of admission charged including reserved seats and side shows.

The show was here two years ago and gave a good performance and will no doubt play to a profitable business this time.

REPUBLICAN CHAIRMAN

Will Be Elected For New Committee Saturday.

The new county precinct committee of the Republican party elected last Saturday will meet in this city next Saturday for organization. There will be one committee-man from each of the 30 precincts in the county and the committee may be further augmented by members from the county at large. The present officers are E. B. Long, Chairman, and E. W. Glass, Secretary.

PICKETING ILLEGAL.

Georgia Supreme Court Decision a Blow at Unions.

Atlanta, Ga., Aug. 18.—The Georgia Supreme Court today affirmed a decision of the Superior Court, which means that the courts of Georgia will enjoin the "picketing" by strikers of the premises of employers with the view of coercing or intimidating persons from entering or remaining in the employ of said employers whose men have gone on a strike.

Little Boy Adopted

The little boy from the Children's Orphan Home, for whom Rev. W. D. Humphreys made an appeal at the Baptist church ten days ago, has been adopted by Mr. and Mrs. Rob Wood, and is now comfortably located in his new home. He is a bright little fellow of six or seven years of age.

CROPS TOO BIG

Tennessee Dark Tobacco Association Will Reduce Acreage Next Year.

Clarksville, Tenn., Aug. 18.—The Dark Tobacco Growers' Association reports show the present crop of tobacco to be in fine condition. Worms have not yet made their appearance, and it is believed that this will be the best crop raised in years. Owing to the large amount of last year's crop of tobacco that remains unsold and the present large crop in the field, it has been decided to reduce the acreage for the next crop.

CUT OUT BIG DAY.

Paducah Negroes Ask Mayor to Stop Eighth of Aug. Gatherings.

Paducah, Ky., Aug. 18.—Paducah has seen her last big "Eighth of August." For years it has been the custom of ten or twelve thousand negroes from Louisville, Nashville, Memphis, Cairo and St. Louis to concentrate here and celebrate Emancipation day. Local negroes waited on Mayor Smith with a request that he put a stop to the excursion habit, as it brings here many dissolute negroes, with whom the local colored folk do not care to associate and whose presence is a menace to the peace of the community. Mayor Smith advised them to prepare a petition, which he will submit to the General Council, and they are busy now with their petition.

Row Over Colored Child.

Pate Ledford and his wife are having a lawsuit in Judge Prowse's court over the possession of their fifteen-months-old child, the parents having separated. The mother has started habeas corpus proceedings to get the child from its father, claiming it is still dependent upon her. The parties are colored.

Cow Suicides.

A cow belonging to John Marshall fell into a ditch through which water was running and her body damaged the stream, raised the water and drowned the cow, which was unable to extract herself. This occurred at Honey Grove, near Fairview.

DIAMOND IN BIRD'S NEST

Jewel Worth \$350 Discovered by a New Jersey Woman.

New York, Aug. 18.—Miss Anna Dodge, of Brooklyn, who is visiting friends in Caldwell, N. J., while in the woods of that vicinity with friends found a diamond ring valued at \$350. Her attention was drawn to a bird's nest at the foot of a tree, and thinking it had been wantonly thrown to the ground by some small boy, picked it up. In the nest was the ring. It is set with four diamonds of rare brilliancy. A jeweler says it is worth \$350. The nest was that of a blackbird, and it is supposed the bird carried the ring there.

CRYING FOR HELP.

Lots of it in Hopkinsville But Daily Growing Less.

The kidneys cry for help. Not an organ in the whole body so delicately constructed. Not one so important to health. The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous. There can be no health where there is poisoned blood.

Backache is one of the first indications of kidney trouble. It is the kidneys' cry for health. Heed it.

Doan's Kidney Pills are what is wanted. Are just what overworked kidneys need.

They strengthen and invigorate the kidneys; help them to do their work; never fail to cure any case of kidney disease.

J. D. Christian, living on Clarksville Street, Elkton, Ky., says: "My kidneys were disordered for a long time, and although I took many remedies, I never received relief until I used Doan's Kidney Pills. They were so entirely satisfactory that I'm constantly recommending them to other sufferers of kidney complaint. Doan's Kidney Pills certainly rid my system of kidney complaint in a remarkably short time."

Plenty more proof like this from Hopkinsville people. Call at L. A. Johnson & Co.'s drug store and ask what their customers report.

Canada Tobacco.

The Canadian Government is starting a vigorous campaign for the improvement of tobacco. Two years ago a tobacco expert, M. Felix Charleau, was brought from France to see what were the possibilities of Canadian tobacco culture. He has been conducting careful experiments in Quebec, Ontario and British Columbia, and, says Canada, a weekly published in London, has found that a high grade of tobacco can be produced, but that the methods of production and curing followed in the past have been defective.
